SUMMARY

As a motivated B.Tech CSE student with a strong passion for coding, I bring a solid foundation in computer science and a keen interest in software development. My skills extend beyond programming; I am proficient in Photoshop and video editing, demonstrating a well-rounded capability in both technical and creative fields. Known for my dedication and ability to meet deadlines, I am committed to delivering high-quality work and tackling challenges with a strong work ethic. My diverse skill set and determination make me a valuable asset to any team.
